

Thirsting for God: How, Why, and Where Do We Thirst?

March 14, Workshop Session 2 – Bill Morehouse, Founder, His Branches

Since the very beginning human beings have been created with two attributes. Even though God made us "in His Image" he intentionally left each of us with a "God-sized hole" in the very core of our being that yearns to be filled with Him. This is because we are designed with free will to be in relationship with Him and others in a world fraught with challenges that we can't possibly handle well without His guidance, love, and support. So in frustration we complain and seek comfort, especially when the going gets difficult, and in our spiritual dryness we thirst for living water to sustain us. This is true of every human being, including everyone here today as well as those who are seeking our care. How do we access God's solution?

How?

Why?

Where?

Bonus: What for?
